

Antique Patina Effetto Veneziano

**Product code: E/29XX
(E/2960-E/2978)**

Color: Available in 19 colors

Composition and Application Field

This is a range of solvent based Patina, used for antique finish design, it gives a nice antique finish, it comes in paste form, and it is mainly useful when an antique style is required.

Product Preparation

Dilution

For better result and easier application, it is not recommending to over dilute the antique patina, but in case it is required we can go up to 5 to 10% with turpentine.

NB: It is not suggested to mix this product with NC paint or PU or any other solvent base system.
